### Project Overviews & Outcomes

When the Endowment was being established several local organizations and philanthropies provided services and funds to help the Endowment get its feet on the ground while it waited for its funding. Among those were:

- Hayne Hipp Foundation
- Daniel-Mickel Foundation
- The Palmetto Bank
- Dixon Hughes

As a token of appreciation to the Endowment’s home community, concurrent with the Endowment Board’s first meeting in Greenville, the organization hosted a concert to benefit area land conservation efforts. Chuck Leavell of the Rolling Stones provided the entertainment at Centre Stage. Additional sponsors for the event included: Walmart, The Conservation Fund, Community Foundation of Greenville, Brett Communications, Link and Piano Central.

As a result of the event, the Endowment donated a total of $25,000 to listed land trusts.
